# AP-2 HD FLYPACK

Touring Video's **AP-2** is a complete portable studio with all the features that you would expect in a mobile production truck but with the flexibility to ship anywhere and fit where a truck may not be able to. The double-wide racks are designed with custom interconnectivity for quick reliable set up's and strikes.

## AP-2 FEATURES

- Sony MVS-6530 3ME Production Switcher
- Sony HDC 1500 HD Cameras
- Harris Platinum 128 HD-SDI AES Router
- Yamaha PM-5D RH Digital Mixer
- Riedel Artist Intercom System

Touring Video • Burbank, CA • 800.773.TOUR • 818.504.3500 • [www.touringvideo.com](http://www.touringvideo.com)

# AP-2 HD FLYPACK

**AUDIO MIXER**

Audio includes: a Yamaha PM-5DRH with Genelec speakers and a Riedel Artist-64 digital intercom system. Tape rack #1 can support up to 10 VTRs and includes a Playback-Pro file based video playback system (additional playback options are: EVS, 3-Play and/or Fast-Forward).

**AP-2** is a complete turnkey solution for shows requiring 6-12 HD cameras when a truck just won't fit. Comes complete with control room furniture and it's own power distribution system.

## TYPICAL SYSTEM LAYOUT
